EDUCATION

CMR College of Engineering and Technology — Medchal, Hyderabad
Bachelor of Technology in Artificial Intelligence and Machine Learning; CGPA: 9.2/10.0 — *Nov. 2022 – Present*

Sri Chaitanya Junior College — Hyderabad
Intermediate; Percentage: 96% — *June 2020 – June 2022*

Sri Chaitanya High School — Hyderabad
GPA: 10.0/10.0 — *May 2020*

TECHNICAL SKILLS

Programming Languages: Python, C, C++, Java.
Frontend Technologies: HTML, CSS, JavaScript.
Developer Tools: Jupyter Notebook, JDBC, VS Code, GitHub, Eclipse, Android Studio.
Libraries and Frameworks: NumPy, SciPy, Matplotlib, scikit-learn, TensorFlow, PyTorch.
Machine Learning Techniques: Regression, Classification.

PROJECTS

Eye Ball Cursor Movement Detection | *NumPy, OpenCV, Dlib*

- Developed an eye-ball cursor movement detection system using NumPy, OpenCV, and Dlib.
- The system tracks the user's pupil position and determines the gaze direction, enabling cursor movement based on eye motion.

Age and Gender Prediction | *Python, OpenCV, CNN, Deep Learning*

- Developed an age and gender prediction system using Python, OpenCV, CNN, and deep learning.
- Leveraged pre-trained models to accurately analyze facial features from images and predict the age range and gender.

Dr.ChatBot | *Flask, scikit-learn, pandas, pyttsx3*

- Developed a Flask-based AI healthcare chatbot to predict diseases from user symptoms.
- Implemented a Decision Tree Classifier for diagnosis and integrated text-to-speech for voice-based responses.

HACKATHON

AI Autonomous Hackathon — Feb 2025
Siddhartha Academy of Higher Education — *Vijayawada, Andhra Pradesh*

- Domain: Healthcare with AI and Web Technologies.
- Project: Built a web-based medical diagnostic system using Flask and machine learning to predict diseases from user symptoms. Integrated a Decision Tree Classifier and Text-to-Speech for accurate and interactive health insights.

EXPERIENCE

Web Development Intern — July 2023 – Dec 2023
Glen Technology

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
- Gained practical experience in front-end development and collaborative coding practices.
